

WILD

Scavenger Hunt

K, 1st, and 2nd

1) If you were a frog, where would you like to live? (Circle one)

4) Draw your favorite snake:
(Pay attention to patterns)

Name: _____

Date: _____

2) What is an animal in the Appalachian Station that is the same size as your hand?

3) What is the biggest animal in the Appalachian Station?

What is the smallest animal in the Appalachian Station?

5) How long can otters hold their breath?
(Hint: Find glass partly underwater)

6) What would you eat if you were a river otter? (Circle all that apply)

Fish

Crayfish

Seaweed

Birds

Snakes

Mussels

7) Name one thing we can all do to help otters.

8) How might a woodpecker find its food?
(Hint: look at how the woodpecker uses its beak)

9) Sit quietly at the bird garden for 3 minutes. How many different birds did you observe? Use your sense of hearing too!

10) Draw a line from each animal trait to the animal it belongs to:

climbs trees

red fur

gray fur

black tip on tail

white tip on tail

11) What is one animal that talks by howling?

What is something a howl might mean?

12) Which raptor's wing span is the closest to the length of your arms stretched out?

13) Use hands around your ears to make "Wolf Ears". What kind of noises do you hear at the wolf habitat?

14) Pick your favorite farm animal. Be still and quiet, and observe it for 1 minute. Draw and describe what it was doing:

15). Circle two wild animals that could live in a barn:

Wolf

Otter

Skunk

Bear

Snake

Fish
